

## I LOVE YOU MOM

By Wayne Visser

Though I have tried, in song, word and rhyme  
I just couldn't capture in the space of a line  
How much I love you, how much I care  
How when I need you, always you're there  
How the freedom you've given is the freedom I need  
How you've allowed me to grow, having sown the seeds  
How you give of yourself and don't count the cost  
How the love that's been gained will never be lost  
And never can I harness in the space of one day  
All that I feel and all I could say  
So you must consider each day of the year  
As a celebration of love by the ones you hold dear
